

FRANKFORT ROUNDABOUT

FRANKFORT, FEB. 27, 1892.

Recaptured.

W. R. King, a convict who escaped from the penitentiary, was recaptured near Barboursville Sunday night and returned here. He was sent up in 1885 for two years for burglary.

Gone to Louisville.

Dr. Walter O. Green, of this city, has located in Louisville for the practice of his profession and has opened his office on Second street, between Chestnut and Broadway.

Will Move Near Town.

Mr. John T. Wiley, of the Bald Knob neighborhood, has rented the Dudley farm, on the Versailles pike, for one thousand dollars a year, and will take possession on the first of March.

Changing Base.

The annual moving season for tenants upon farms is upon us and wagons loaded with furniture belonging to farmers who are changing their location, have been passing through the city for several days.

Why Don't You Stop

Coughing before the entire mucous membrane lining the air passage leading to the lungs becomes inflamed, as it surely will be from a cough neglected. There is but one remedy that gives instant relief and cures quickly. Dr. Hale's Household Cough Cure cures every kind of cough from a simple cold to incipient consumption. 25 and 50c bottles at Carpenter's South Side drug store.

A Chance To Hear Patti.

On account of the Patti concert, the L. & N. R. R. will sell round trip tickets to Louisville, February 29th, good to return March 1st, at \$2.62. W. W. ALEXANDER, Agent.

Won the Contest.

At the oratorical contest held by the students of Centre College, at Danville, on Monday evening, Mr. Martin D. Hardin, son of Gen. P. W. Hardin, of this city, won the first honor over three competitors. The contest was for the purpose of selecting a representative of the College at the State oratorical contest to be held at Georgetown on the 1st of April.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

Have Your Measure Taken.

Mr. Fitzpatrick, cutter for the firm of Crutcher & Starks, whose headquarters are with the Louisville house, will be here on the 1st and 2d of March, Tuesday and Wednesday next, with a full line of samples of spring suitings, ready to take measures for the customers of the house. Drop in at the mammoth store of Messrs. Crutcher & Starks, on Main street, and have your measure taken for a spring outfit.

"I don't like the breath of that stove!" exclaimed little Ethel one day when the gas was escaping from the sitting-room stove. Coal-gas is like the "perfumes of India," compared with the breath of a person afflicted with catarrh, but among many other symptoms the smell is often deadened, so the sufferer is unconscious of the offensiveness of his presence. Why any one will endure such a painful, dangerous and offensive disease, when Dr. Sage's Catarrh Remedy—costing only 50 cents—will cure the most stubborn case, is one of the many mysteries. The proprietors are so confident of the success of this Catarrh Remedy, that they offer to forfeit \$500 for any case of Catarrh that they cannot cure. It would be suicide for their remedy for them to make this offer, unless they understood its exact powers.

Cyclone in Madison.

A dispatch from Richmond gives the following account of a storm which passed over that town last week:

A cyclone struck the dwelling house of Jonathan Hill, residing near Union

City, four miles east of here, Sunday evening, and utterly demolished it. Water, mud, chips and sticks, and other things came dashing against the house, in a wave, three feet high, although he is on high ground, and surged around the corners, as if the house was in an overflowed valley. The roof was taken off, broken into three sections and piled up in the yard. A long line of clothes, and a pile of freshly-ironed clothes simply disappeared. A pair of table-clothes, a pair of pillow cases, and one other article, are all that have been found and they were out in the woods. Other things were carried away. The pump was dragged from the cistern and taken some distance. The planks were stripped from the fence posts and broken to pieces. Five or six large trees in the yard were completely demolished. The house was of logs, built seventy years ago, or would most likely have gone. The storm-path was near a hundred yards wide, and continued straight through the neighborhood, unroofed barns, blew down trees, and other damage was done. Mr. Hill looked up the stairway and saw the roof go. No one was injured or killed.

Startling Facts.

The American people are rapidly becoming a race of nervous wrecks, and the following suggests the best remedy: Alphonso Hempling, of Butler, Pa., swears that when his son was speechless from St. Vitus dance Dr. Miles' great Restorative Nervine cured him. Mrs. J. R. Miller, of Valparaiso, and J. D. Taylor, of Logansport, Ind., each gained 20 pounds from taking it. Mrs. H. A. Gardner, of Vistula, Ind., was cured of 40 or 50 convulsions a day, and much headache, dizziness, backache and nervous prostration by one bottle. Trial bottles, and fine book of marvelous cures free at J. W. Gayle's, who recommends and guarantees this unequalled remedy.

Twenty-Six Years Old.

Monday last was the anniversary of the birth of George Washington, battle of Buena Vista, and is of local interest to us as the day on which the True Kentuckian (now Kentuckian-Citizen) was born. Twenty-six years ago we made the first issue, and its co-partner, the Citizen, represents 85 years' continuous publication. Most of the types who were with us at the outset, are still alive, but are scattered far and wide. Barlow has for years been with minstrel troupes, Lewis is editing a paper at Frankfort, Williams is engaged in literary pursuits at Covington, and the last heard of Hunt he was in Switzerland, acting as guide for tourists among the Alps. George Washington said he couldn't tell a lie. There is where the Kentuckian-Citizen has the best of G. W. The K.-C. can tell a lie, but—won't.—Paris Kentuckian-Citizen.

Louis VanHook, Ben. Zimmerman, Shelly Mann and Clark are all dead. Conant left for parts unknown and is perhaps dead also.

Will Fail to Remove It.

Hon. Green R. Keller, Clerk of the House, in a letter to his paper, the Carlisle Mercury, this week says:

The Capital removal question is up once more, but like all former attempts it will fail again. Frankfort has long been the subject of jokes and abuse, but after all it is a real pleasant place, and it will be the seat of Government as long as the Commonwealth stands. And why not? It has as pleasant people as live anywhere, the State owns available property for all her uses, the railroad accommodations are above the average, and the people of the State have made up their minds that they are satisfied, and thus it looks to me like it is a waste of time to discuss the question further.

Sudden Deaths.

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally understood. These are: a habit of lying on the right side, short breath, pain or distress in side, back or shoulder, irregular pulse, asthma, weak and hungry spells, wind in stomach, swelling of ankles or dropsy, oppression, dry cough and smothering. Dr. Miles' illustrated book on Heart Disease free at J. W. Gayle's, who sells and guarantees Dr. Miles' unequalled New Heart Cure, and his Restorative Nervine, which cures nervousness, headache, sleeplessness, effects of drinking, etc. It contains no opiates.

Marriage License.

On Monday, February 22, County Clerk Smith was kept busy issuing license to wed. He issued five, which are as follows:

Thos. W. Pullam and Sallie B. Hedges, of Graefenburg.

Jos. A. Hiatt and Mattie Brawner, of Flat Creek.

Thos. J. Duncan and Alice Watkins, of Bald Knob.

Wm. L. McCarty and Maud M. South, of Forks of Elkhorn.

Thos. Harrod and America Shaw, of Peak's Mill.

Burns or wounds should be attended to carefully, especially in cold weather. We would recommend Salvation Oil for such cases. All druggists sell it for 25 cents a bottle.

\$100,000 For the Show.

A bill appropriating one hundred thousand dollars to provide for the collection and exhibition of the products of Kentucky at the Columbian Exposition at Chicago in 1893 was passed by the Senate on Wednesday.

New Chief.

Chief of Police Jerry Brislan tendered his resignation to Mayor Tobin on Monday evening, who accepted the same and appointed Councilman John L. Tobin to fill the vacancy. Mr. Tobin accepted the position and has entered upon the discharge of the duties.

"All alone, unheard, unknown—he makes his moan"—in a fifth-story bedroom. The reason is obvious, he is suffering everything with a cold and hasn't got a soul to step across the street for one small bottle of Dr. Bull's Cough Syrup.

Arm Broken.

Miss Nellie Baker, of Louisville, who is visiting Mr. Jas. A. Holt, in this county, fell from a fence at Mr. Holt's Tuesday at noon and broke her left arm at the elbow. Dr. G. F. Thompson, of this city, was sent for and reduced the fracture.

Numerous Times.

We have had this week standard time, solar time and town clock time—all about twenty minutes apart—which was just the thing for the average apprentice, who went to work by standard, quit by the town clock and swore he was going by solar all the time.

University Extension.

The second lecture of Dr. Bemis will be given in the Methodist Church on Tuesday evening next, March 1st, on which occasion his subject will be "Economics." Tickets for the entire course of six lectures are but one dollar and for a single lecture fifty cents. They can be obtained at Barrett's news depot.

Ben. D. Bell,

Druggist, of Lexington, Ky., says that Dr. Hale's Household Remedies (consisting of Dr. Hale's Household Cough Cure, Dr. Hale's Household Ointment and Dr. Hale's Household Tea) are the best sellers he has ever had in his store. This is owing to the great merit of these popular remedies. They invariably give great satisfaction, save many doctors' bills and work wonderful cures. Everybody should use them. 25 and 50c. sizes at Carpenter's South Side drug store.

VIOLIN FOR SALE—I have a fine violin of German make which I will sell cheap. 25-1f. LOUIS HARRIS.

A Reminder of '62.

The salute fired on Monday in honor of Washington's birthday was from a cannon placed on Taylor's Hill, near where Gen. Sill planted a battery in October, 1862, and sent several shells over the town after Scott's Cavalry of the Confederate Army, as they retreated: one of the shells bursting just over where the Kenyon Hotel now stands and several near the Arsenal.

This is the first time since the war that loud-mouthed cannon has belled from that hill.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggists, price 75¢ per bottle.

Going to Carter.

A Mr. Glass, of Franklin county, bought 250 acres of land of Mrs. Ephriam Boggs, and 150 acres from Smith and Gregory, and intends to locate here immediately. He says he knows of twelve to fifteen families who will come from Franklin and Owen counties to locate in Carter. Our valuable tobacco lands are being heard of far and near.—Carter County Bugle.

Children Cry for Pitcher's Castoria.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City. Late Pastor Bloomingdale Reformed Church.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., "The Winthrop," 125th Street and 7th Ave., New York City.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK.

Feb. 18-19.

ENDORSED BY LEADING HORSEMEN
